

Thank you for choosing to enhance your practice by purchasing a VetVision Digital Dental Imaging System from Midmark.

We now offer free live webinars twice per month.

- Become familiar with your new dental X-ray and sensor
- Learn the basics
- Explore tools that enhance your X-ray images
- Streamline your workflow with templates
- Share the pet's dental images with clients and colleagues
- Keep your records safe with backup and restore

Attend as often as you like – bring the whole staff! Please pre-register online at least 24 hours prior to the session you wish to attend.

First Tuesday of the month at 12:00 Noon Eastern / 9:00 am Pacific
Third Thursday of the month at 3:00 pm Eastern / 12:00 Noon Pacific

Visit midmarkanimalhealth.com/training to register for a free live session or to see our other training and educational resources.

Start learning with free webinars twice per month!
